

Hanson & Bussière 1998 - Table 2

Table 2
Predictors of nonsexual violent recidivism

Note

CI = Confidence interval; *n* = aggregated sample size; MMPI = Minnesota Multiphasic Personality Inventory.

^a Values in parentheses represent number of studies.

p* < .05. *p* < .01. ****p* < .001.

Variable	<i>Mdn</i>	<i>r</i> ₊	95% CI	<i>Q</i>		<i>n</i> ^a	
Demographic factors							
Age	-.22	-.24	-.27 - -.21	22.06	***	3,376	(7)
With outlier	-.16	-.22	-.25 - -.19	25.76	***	3,530	(8)
Single (never married)	.16	.23	.19 - .27	11.21	**	1,981	(3)
Married (currently)	-.07	-.10	-.15 - -.05	14.70	**	1,380	(5)
General criminality (nonsexual)							
Juvenile delinquency	.20	.22	.15 - .29	1.88		906	(4)
Prior violent offenses	.21	.21	.15 - .27	1.64		1,203	(5)
With outlier	.22	.26	.21 - .31	16.95	**	1,585	(6)
Antisocial personality disorder	.18	.19	.10 - .28	1.98		494	(4)
MMPI 4: Psychopathic Deviate	.08	.13	.02 - .24	2.62		335	(3)
Prior offenses (any/nonsexual)	.12	.11	.08 - .14	7.43		3,450	(7)
With outlier	.14	.14	.11 - .17	48.26		3,746	(8)
Sexual criminal history							
Rapist	.22	.23	.20 - .26	41.09	***	4,040	(10)
Any child victims	-.17	-.16	-.20 - -.12	44.99	***	2,742	(9)
Any adult male victims	-.11	-.13	-.20 - -.06	0.78		898	(3)
Related child victim	-.12	-.12	-.17 - -.07	4.85		1,611	(6)
Young (vs. older) child	-.08	-.11	-.18 - -.04	1.85		758	(4)
Male child victim	-.09	-.09	-.15 - -.03	6.79		1,245	(5)
Current sentence length	-.02	-.02	-.06 - .02	4.88		2,407	(5)
With outlier	-.01	.03	-.01 - .07	40.72	***	2,788	(6)
Prior sex offenses	.00	.02	-.01 - .05	8.01		4,300	(9)
Female child victim	-.05	-.02	-.07 - .03	24.42	***	1,847	(6)
Victims, children of both sexes	.01	-.02	-.09 - .05	1.54		869	(3)

Sexual deviancy							
MMPI 5: Masculinity-Femininity	-.09	-.10	-.21 - .00	4.81		335	(3)
Phallometric assessment: sexual preference for rape	.17	.03	-.09 - .14	17.34	***	290	(3)
Clinical presentation and treatment history. Failure to complete treatment	.04	.08	-.01 - .17	1.07		479	(3)
Psychological maladjustment							
Anger problems	-.09	-.09	-.22 - .05	1.04		231	(3)
Alcohol abuse problem	.07	.07	-.04 - .18	0.18		340	(3)
Depression	-.04	-.04	-.14 - .06	7.79		373	(4)
Anxiety	-.03	-.03	-.13 - .07	3.29		383	(4)
General psychological problem	.00	.00	-.09 - .09	4.43		502	(5)
Other psychological problems							
Low intelligence	.00	.07	.00 - .14	8048	*	695	(3)
